

TROMINO FINANCIAL SERVICES LTD. ANNOUNCES LAUNCH OF MALTA OFFICE

Bermuda, 6 September 2011 - Tromino Financial Services Ltd., licensed as a fund administrator by the Bermuda Monetary Authority, is pleased to announce the opening of its fully owned subsidiary in Malta, operating under the name of Tromino Financial Services (Malta) Ltd. (the "Company"). The Company has recently obtained a Fund Administration Recognition Certificate from the Malta Financial Services Authority. Fabian Schöenberg, the Managing Director of the Company's Bermuda-based parent company, comments: "We have observed an increasing popularity of Malta as a jurisdiction of choice for the hedge fund industry, both as a domicile for hedge funds and their investment management companies, and consequently as a base for related service providers. In combination with specific requirements among our existing client base, we felt that a representation of our company in Malta would benefit from these developments, thereby meaningfully enhancing our recognition in the industry as a specialist fund administrator."

With reference to the range of offered services, Mr. Schöenberg explains: "Our business model caters for the provision of highly dedicated and personalized services, for which we have found a particularly strong demand among family offices and those fund managers that pursue non-traditional investment strategies. We feel strongly that our approach to fund administration, which has shaped the success of our Bermuda operations since its launch in 2005, will enable us to carve out an equally important niche in the Maltese market place. Reinforced by our strong relationships with the local authorities, law firms, auditors and other service providers, our team in Malta will be in a position to offer convenient turn-key solutions ranging from conceptual planning to the launch of funds and their ongoing administration."

Interested parties are invited to contact Mr. Fabian Schöenberg in Bermuda or Ms. Daniela Mula in Malta.
